

FREELANCE PRODUCER

Yakusan creates unforgettable experiences that generate content, conversation and contagion. Based in Surry Hills, we are a highly creative, market-leading brand experience agency.

We consider ourselves Masters of Experience and are passionate creators, instigators, storytellers and connectors. Whether it's big campaign idea generation, brand strategy, immersive brand experiences, content creation or amplification, no two projects are ever the same, giving our clients highly original campaigns that provide great business results.

We are looking for a dynamic and super talented freelance Producer to join our production team for a 4 month contract starting in July to see us through the busy spring activation period.

Reporting into the Executive Producer you will be confident managing medium to large-scale projects, leading and supporting the delivery and execution of our integrated brand campaigns.

You will be a gun with event logistics and planning, process and documentation, confident in overseeing detailed production and technical builds, have a little black book of valued suppliers and partners, and have the ability to successfully bring our creative concepts to life on time and on budget.

Our work is diverse and you'll be working on everything from immersive brand experiences, pop up installations and sponsorship activations to venue take overs, retail activations and product launches.

Our producers are hardworking, autonomous and driven and enjoy working in a collaborative, creative team environment. We pride ourselves on our craftsmanship, so a keen eye for detail and quality, solid understanding of integrated projects and proven experience in delivering complex consumer events and experiences is a must.

The role would suit someone with senior production experience (4 years minimum), from an event or experiential agency background. Experience in working with alcohol brands is also highly advantageous.

This is a contract role from July-October and may be extended. You will be required to work outside of traditional work hours and on weekends in live activation periods. Only Australian permanent residents or long-term Visa holders need apply.

Enough about us, what's your story....?
